You've got lips of cherry chrome

I've got a heart that's made of stone

I've been thinking, you should leave me

My sweet Rose x 2

You don't need me as much as

You need your soul

We are the ones that fall apart

Love can save your life but it just breaks my heart

And though I try I

Can't destroy what I am

My sweet Rose x 2

You don't need me as much as

You need your soul

You've got lips of cherry chrome

I've got a heart that's made of stone

I've been thinking, you should leave me

My sweet Rose x 2

You don't need me as much as

You need your soul
