Blue is the colour of my heart, the reason I'm not
sleeping

Red is the colour of my eyes ,I'm so sick of weeping

You were the one who led me here ,and now you're
leaving

But don't you tell me you don't think about sleeping
with me.

I give you reason to love, I give you reason to leave, I
give you reason to hate me

Well I'm such a bore, such a fucking whore, superstar
of heartache

Purple is the colour of my dream, oh I'm such a cliché©

Now I know my way round you, It's just so easy

Black is the colour of my lips, now I'm not breathing

You will never sleep without dreaming of me

I give you reason to love, I give you reason to leave, I
give you reason to hate me

Well I'm such a bore, such a fucking whore, superstar
of heartache

And I crash this car, I go too far, another reason to hate
me

Acting like a slut, treated like a slut, superstar of
heartache

I gave you reason to love, I gave you reason to leave, I
give you reason to hate me

Well I'm such a bore, such a fucking whore, superstar

of heartache

I give you reason to love, I give you reason to leave, I
give you reason to hate me

Acting like a slut, treated like a slut, superstar of
heartache
