Baby don't go  
You've nearly shown everything you are to me  
Darling don't stray stay here with me  
Because that's how it ought to be  
You've come this far to see who you are  
See the love inside yourself  
So don't be afraid I'm holding your hand  
Just let the love run freely through me

You're so tangled up in love  
Searching for your soul, searching for yourself  
So tangled up in love  
That you can't see anything else

Chorus:  
My oh my  
Do I have to tell you how to live your life  
Ooh baby don't you know, now that your mine  
You've got to set your loving free

Chorus

Tell me you see all we can be  
That we can be magical  
Throw off your pride and show me inside  
Show me what your frightened of

You're so tangled up in love  
Searching for your soul, searching for yourself  
So tangled up in love  
That you can't see anything else

Chorus

You're so tangled up in love  
Searching for your soul, searching for yourself  
So tangled up in love  
That you can't see anything else

Chorus
