You walked through the door
With her by your side
My heart on the floor
I will swallow my pride
It hurts to see you
So happy again
It hurt to see you
Like we were back then.

She's as pretty as she can be
I can't blame you for not wanting me
And I can tell by the way you are looking at her
You're so happy, the way that we were.

As y'all danced together
Her head on your heart
Feels like forever since I felt love

Here I go now
I am walking to you
God I don't know how I am even talking to you.

Cause she's as pretty as she can be
No I can't blame you for not wanting me
And I can tell I can tell I can tell
You're so happy, the way that we were.
