Green grass blue sky
Got a white dress apple pie
And Clorox for American stains
Picket fence around domestic
Banner to the world
American babe

Life is worth a lot your
Parent's trust fund from the cot
American babe
Retired at age four easy
Future spending daddy's loans
American babe

But don't look outside the bubble
And see your friends in trouble
Oh American baby
Oh American baby

Confident and boneless
Why not throw these heavy stones
When you can always run home
Future speeding past full tank of gas
A dream for certainty
American babe

But don't look outside the bubble
America's in trouble
Oh American baby
Oh American baby

Stocks and bonds are sold
Pockets filled with gold
Disasters come and go
The rivers overflow
Oil wars and fear
Last another year
Once a child now look at how you've grown

Oh American baby
Oh American baby
