Ohhh yeah

When I see you laugh
When I see you cry
When I see you frown
My world
Gets turned upside down
Then my mouth gets dry
As I say goodbye
And wonder

Why
Did I have to say goodbye
Why
Did I have to go?
I wish it wasn't so
Why oh why

I wish I wasn't leaving
It would be so relieving
I wish I would see you again
I'm so sad
I don't wanna go
No
I won't

Why
Did I have to say goodbye
Why
Did I have to go?
I wish it wasn't so
Why oh why

Do you really care?
If I was or wasn't there
The time has passed so fast
I wish it would have lasted
That I was never blasted
With this sudden burden

To be leaving you here

In California
So I'm just gonna warn you
That you'll always be in my heart
Our love is everlasting
Oh
I wish it wasn't so
But I have to go

Why
Did I have to say goodbye
Why
Did I have to go?
I wish it wasn't so
Why oh why

As I wave through the window
As the airplane goes so slow
I catch a glimpse
Of your teary eyes
As I sail past you in the skies
A few minutes after we wave our last goodbyes

Why
Did I have to say goodbye
Why
Did I have to go?
I wish it wasn't so
Why oh why

Why
Did I have to say goodbye
Why
Did I have to go?
I wish it wasn't so
Why oh why

Ohhh why
Did I have to say goodbye
