BALBRAKA:

There's none so beautiful, bright, and gay
As a princess on her wedding day.

MALIGNA:

I love weddings. I love weddings.

SHOTZI:

Something old, something new,
The groom is borrowed and looking blue.

CANIBELLE:

I'd like a dish of human hash
At a fancy Banshee wedding bash.

BIZARBARA:

Oh, I wish I were an ordinary girl
A happy earth girl, of somewhat lowly birth girl
Oh, how nice to be:
A healthy normal junior miss from Podunk High

Pining over a healthy normal everyday guy
Crammin' for exams while my mom bakes apple pie
(For that I'd die!)
If other girls cross over worlds, I'd like to take a try!
Why not me?

BANSHEES:

(There's none so...etc. I love...etc. Something
old...etc. I'd like...etc)
Hosanna, Hosanna, behold the blushing bride
In glory matrimonium, we flush, we gush with pride!

MALIGNA:

Sound the Cruelty! Strike a gong! Pierce the air with
strident sound
Troth their plight without delay. Tis the Princess
Bizarbara's royal wedding day!
