STARMITES: (variously)

We are the good guys, so nice and polite  
But bad guys beware us if you're lookin' to fight  
Cause we don't take no lip and we don't take no sass  
We're as tough as old shoe leather and as bold as  
brass  
We're the Starmites! The mighty Starmites!  
We fight for the right and unite to be free  
We're the Starmites! The mighty Starmites!  
The punks of the future, the future are we!

We're the heroes, the good guys, the pack and the pips  
Gonna clean up the planet of bad guys and drips  
If you're lookin' for action join our pack, join our crew  
Cause we ain't never met a girl we like  
(half as much as you!)  
Starmites! The mighty Starmites! (etc.)

Please forgive us, Damsel, if we ain't got no couth.  
We ain't never learned no manners,  
it's a sign of our youth.  
We all want you to like us so don't treat us like poison -  
You're the first genuine, in-the-flesh real live Damsel  
which we ever laid eyes on!  
We wanna protect you, respect you, elect you to our  
midst  
To woo you, ballyhoo you, and to do as you bidst!

SPACE PUNK: Roll call!

ACK ACK: Ack Ack Ackerman, at your service, Miss.

HERBIE: Herbie Harrison, at your service, Miss.

DISMO: Dismo d-d-Dittersdorff, at your mervis, sis - I  
mean, at your sissus, merve-  
I mean - aw forget about it!

STARMITES: Starmites! The mighty Starmites! (etc.)

SPACE PUNK:

I am the Space Punk, the original Space Punk,  
The leader of the Pack, give me action, do or die!  
With a biff, bop, and a bam, I can rescue any damsel  
The king of the superheros, I!
