A better slumber
Was in your arms
spent tangled up in you

A sudden morning
Crashed in the room
With an uninvited sudden change in you

What can I say?
Where's that girl from last night
That slept on that side and looked just like you do?

You can sleep in your own bed tonight
Sleep away
A silent pain
That's screaming out my name

You can sleep in your own bed tonight
I hope for your sake you dont wake up as broken as I
am

For a lack of better
Words to say
All I said was goodnight
Once again, in self-defence
I wont sleep a wink
To prevent dreaming of you

You can sleep in your own bed tonight
Sleep away
A silent pain
That's screaming out my name

You can sleep in your own bed tonight
I hope for your sake you dont wake up as broken as I
am

Sleep in your own bed tonight
I know some day that you will wake up as lonely as I am

You can sleep in your own bed tonight

Sleep away
A silent pain
That's screaming out my name

You can sleep in your own bed tonight
I hope for your sake you dont wake up as broken as I
am

Sleep in your own bed tonight
I know some day that you will wake up as lonely as I am
Cuz fate works both ways
Cuz fate works both ways
Cuz fate works both ways
Sleep in your own bed
