its time to say a word
say it like you mean it
she spoke with a tone of hurt.
as my eyes rolled back
hoping for the end
one too many condescending battles for a friend

say another word
and i'll sit on the floor
so keep talking down to me
your not only losing me
your losing whats in store

i'll try to stay awake(so i can tell you)
when i go
when i get home
i'll try to stay awake (so i can tell you)
over the phone
so i can tell the truth
tell the truth

something keeps on getting in the way
between you and I on summer holiday yeah
just wait one minute more
cause my heart is halfway torn and you're already
gone
you're already gone

i'll try to stay awake (so i can tell you)
when i go
when i get home
i'll try to stay awake (so i can tell you)
over the phone
so i can tell the truth

say another word
face first on the floor
keep talking down to me
losing what was almost meant to be

i'll try to stay awake (so i can tell you)

when i go
when i get home
i'll try to stay awake (so i can tell you)
over the phone
so i can tell the truth
