I got the talk when i was younger
And understood as i recall,
They hardly mentioned this at all.
My heart was racing like a sprinter
That tripped and fell
In love with a girl just for tonight and that's all

Ive got big, big plans
And they've got to mean something more
Than just once.
I just don't know what i want.

Im gonna tear your ass up like we just got married
And you're all mine now
Tonight is the night we've been waiting for all our lives
Or maybe for just tonight

I got the call when i was older
Yea and i understood
If it happens then it happens and that's all
My arms the hose and you're the fire
Out of control and ive got put you out
Before theres nothing left at all

Ive got big, big plans
And they've got to mean something more than just
once
I just don't know, i don't know
I don't know, i don't know
I don't know, i don't know
I just don't know what i want

Im gonna tear your ass up like we just got married
And you're all mine now
Tonight is the night we've been waiting for all our lives
Or maybe for just mine
So get your ass up cause you're in no hurry
Like i am now
Im getting older and older all of the time
Or maybe for just tonight

And the nervous part is the hardest
So admit and explain but I've got to get a rise
She said
"I'll chew you up and spit you out like all them.
I'm gonna put you right back in my mouth
You're gonna stay like that for now"
I will always love you

I said I tore your ass up like we just got married
And you're all mine now
Tonight is the night we've been waiting for all our lives
Or maybe it's just
You've gotta get your ass up cause
You're in no hurry
Like I am now
I'm getting older and older all of the time

One more time

I said I tore your ass up like we just got married
And you're all mine now
Tonight is the night we've been waiting for all our lives
Or maybe it's just mine

Yeah yeah yeah
