I think I'm better off
By seeing things this way
I've been thinking a lifetime
But I always seem to make the same mistakes
I can't understand
Not for the life of me
Now it's falling into place
And I'm trying to save face
I can't say to you
What I wanted to use
All I got is yesterday
Tomorrow's all I have to see

I hope with all my heart
That someday I'll be found
I'm open for the voices
but I cannot hear the sound
And I know about you
Knew all these years
And I gave all of my tears
And I'm choking on my fear

I can't say to you
What I wanted to use
All I got is yesterday
Tomorrow's all I have to see

I can't say to you
What I wanted to use
All I got is yesterday
The futures's all I have to see
