

Starting Line, The "Hello Houston"

Visit "[Hello Houston](#)" on MotoLyrics.com

lead on
to keep our feelings strong
and make me still believe
our page is one in the same
our ways will separate tonight

you say if you were to wait
some things just might be changed
i say that i don't have the strength
to fuel our burning flame

speak to me
what can i say
we just live too far away
that's a shame that love can't make you stay

sweet thing
i hope that you know
i'm wondering where you are
you say
this could work some day
when you and i both know this is the end

leave me
the way it has to be
excuse my poor excuse
tell me that insecurities
are what drove me to you

and everyday
i compare your face
from sweet beginnings
to your bitter end

(sweet thing) sweet thing
(i hope) i hope that (you know)you know
i'm wondering where you are
sweet thing
you say (i hope)
this could work (you know) some day
when you and i both know this is the end.

let me let go (let me let go)

(sweet thing) sweet thing
(i hope) i hope that (you know)you know
i'm wondering where you are
sweet thing
you say (i hope)
this could work (you know) some day
when you and i both know this is the end.
