

Starting Line, The "Island"

Visit "[Island](#)" on MotoLyrics.com

Let's sail away,
Find our own country.
We'll build a house
and beds out of palm trees.
Let's get away, let's push our lives aside.

I'll sport a smile,
Take in some color.
Under the stars,
I'll be your lover.

With no distractions
I'm here to treat you right

Well it seems like things are only getting better
Well it seems like we can never catch a break

Just keep a hold on me, don't let go.
If you float away, if you float away
Waited too long for a ship to come
Don't you float away, don't you float away

Let's go to bed
Let's stop debating
Look at the time
We're always waiting
But we're in love
And that should be just fine

Well it seems like things are only getting better
Well it seems like we can never catch a break

Just keep a hold on me, don't let go.
If you float away, if you float away
Waited too long for a ship to come
Don't you float away, don't you float away

Just keep a hold on me, don't let go.
If you float away, if you float away
Waited too long for a ship to come
Don't you float away, don't you float away

And if you'd like,
And if you'd like, some other time
I would like to introduce you to the finer things
If we survive,
If we survive, get out alive
I'd like to say how beautiful I think you are

And if you'd like
And if you'd like, some other time
I would like to introduce you to the finer things
If we survive
If we survive, get out alive
I'd like to say how beautiful I think you...

Just keep a hold on me, don't let go.
If you float away, if you float away
Waited too long for a ship to come
Don't you float away, don't you float away

Just keep a hold on me, don't let go.
If you float away, if you float away
Waited too long for a ship to come
Don't you float away, don't you float away

Just keep a hold on me, don't let go.
If you float away, if you float away
Waited too long for a ship to come
Don't you float away, don't you float away
