Sometimes I've been wondering
If good times fade away
And they always turn out this way
You were one of many things that make me face the
day
And I'm so glad you're here with me

It's not your fault that you're in pain
I just can't explain just what you mean to me
You mean to me...

Meant what I said
Meant what I did
It's all for you

Then I tried to look inside
Look in my own head
Realized that something wasn't there
Then I saw your face staring back at me
And everything was falling in to place

It's not your fault that you're in pain
Glad things have turned out this way
I can't explain what you mean to me
You've always been there for me
For me...
Yeah...

Meant what I said
Meant what I did
It's all for you
Say it again...
For you...
