You've got to hold hold open my eyelids
If you're gonna shake shake shake till the morning
I'm gonna put put things in perspective
And it's gonna take take take my precious time
All we need is a reason
For us the dance dance dance till the break of dawn
All I need is a hook now
For us to shout shout shout these words out

Cause we're all all all
We're all
You know we're all a part of the world of course
If you know it sing it out
Yeah sing it out

Then we snap back into formation
And get to work work work till the job gets done
Everyone's getting ready
Cause they've been wait wait waiting for Friday night
All we need is a chance now for
For us to get get down in the after hours
All you need is a voice now
For us to shout shout shout these words out

Cause we're all all all
We're all
You know we're all a part of the world of course
If you know it sing it out
Yeah sing it out!

Cause we're all all, all parts
You know we're all a part of the world of course
If you know it sing it out
Yeah sing it out!

Work work work
Shout shout shout
Get get get
Arite now keep it up keep it up
Arite keep it up keep it up
Work work work

Shout shout shout
get get get
Arite now keep it up keep it up
Keep it up keep it up

Cause we're all parts
You know we're all a part of the world of course
If you know it sing it out
Yeah sing it out!

Cause we're all all all
You know we're all a part of the world of course
If you're feeling me sing it out
Now sing it cause we're all all, all parts
You know we're all a part of the world of course
If you know it sing it out
Yeah sing it out!
You know we're all a part of the world of course
If you know it sing it out
You know we're all a part of the world of course
If you know it sing it out
Yeah sing it out!
