My empty room
Crowded too soon
Look for the fire escape
Picture myself
Running like hell
Making my get away

The walls are caving in with no warning
This ship is sinking, I gotta swim for it
I'm running out of air

Break me out tonight, I wanna see the
Sun rising anywhere but here
Come with me, this could be
The only chance we get, we gotta take it
Don't do it now, we'll never make it
Lose this crowd, break me out

We'll stare at our feet
Sneak down the street
Some kind of secret race
They'll carry on
Won't notice we're gone
So easily replaced

The walls are caving in with no warning
This ship is sinking, I gotta swim for it
I'm running out of air

Break me out tonight, I wanna see the
Sun rising anywhere but here
Come with me, this could be
The only chance we get, we gotta take it
Don't do it now, we'll never make it
Lose this crowd, break me out

The walls are caving in with no warning
This ship is sinking, I gotta swim for it
I got a feeling we're better off anyway
I don't care what they say

Break me out tonight, I wanna see the
Sun rising anywhere but here
Come with me, this could be
The only chance we get, we gotta take it
Don't do it now, we'll never make it
Lose this crowd, break me out
