A letter from her
From that summer
We were perfect
Just going nowhere

Pearls of wisdom
I must of missed 'em
She didn't mean it
That thing she said about forever

I could have asked her to stay
But I let her get on that train

We had it easy
Oh, but we got lost along, lost along the way
We made it complicated
Lost along, we got lost along the way

Caught red-handed
Taking it for granted
Guess we had a good thing
But I thought that I knew better

I let go too soon
Gotta get myself back to you

We had it easy
Oh, but we got lost along, lost along the way
We made it complicated
Lost along, we got lost along the way
Lost along the way

On my own
Forgot my home
Is where you are
Is where you are

We had it easy
Oh, but we got lost along, lost along the way
We made it complicated
Lost along, we got lost along the way
