I study you so well
I know your every smell
From the back of the room
I can't learn a thing, all I can do
Is stare at you

'Cause my body's all a wreck
An adolescent mess
They call me names
'Cause I can't squeeze in, don't know how to act
But I will not be ashamed

If you'd stay with me forever
We'll be weird together
We'll make up our own rules
Create a new kind of cool

We'd walk the halls with ease
Say all the smartest things
And they'll wish they knew what makes us laugh
And what cigarettes we smoke
Or even if we do

If you'd stay with me forever
We'll be weird together
We'll make up our own rules
Create a new kind of cool

We'll never lose we can pick and choose
Who soaks up all our fame
And we can shout and we can shut them out just to
tarnish their names
And how I'll glow in my beauty
'Cause someone out there loves me

Right now life ain't so fun
I don't have anyone
If you only knew the things that we could do just me
and you
Conquer the world, king and queen
At age thirteen

If you'd stay with me forever
We'll be weird together
We'll make up our own rules
Create a new kind of cool
