I know that you know that
I've seen your face before
A bad dream so mean
Rockin' me down like a slot machine
So many years I don't know when
My dear how have you been?
The way you looked the night we met
Gets me hot breathin', ooo cold sweat

You were so shy ya ya ya
And I was so high ya ya ya
That I don't remember the rest
But the one thing that I'll never forget

You're a poison angel
Tryin' to take my wings away
Poison angel
Get down on your knees and pray

I still remember what you said
The part about me droppin' dead
You sent a letter I've read it twice
I found out you weren't so nice
But there you were lookin' so cool
To this country boy in the new york groove
And there you left me in the drink
Laughin' while you watched me sink

You were so shy ya ya ya
And I was so high ya ya ya
That I don't remember the rest
But the one thing that I'll never forget

You're a poison angel
Tryin' to take my wings away
Poison angel
Get down on your knees and pray

Yeah, you were some fun
But you never looked at the damage done

Poison angel

Tryin' to take my wings away
Poison angel
Get down on your knees and pray
Poison angel
Poison angel
Wow
