I've never felt completeness
I've never felt so real
A leather belt to suppress
What no one is gonna heal

I hunger for your life
I hunger for your soul
I hunger for your body
I wanna gain control

Maneater - Grim Reaper

I'm searching for whom is ripe
The fat and virgin type
To swallow all these sins
They carry beneath their skin

I eat their raw flesh
I drink their blood as wine
And that way their
Goddamned Souls get mine
