I erased that part of me
To become the perfect enemy
That sears wounds I never felt
Free of my past's chastity belt

You wonder why
You are asking how
No need to ask me
Look at you now

Do you still know
Who you are?
And can you explain
How it has come this far?

You and me - We are the world's perfect enemy
You and me - That's not our place to be
You and me - The perfect enemy
You and me - That is prophecy

You are no more the one I knew
And also there is no one like you

You wonder why
You are asking how
No need to ask me
Look at you now

You and me - We are the world's perfect enemy
You and me - That's not our place to be
You and me - The perfect enemy
You and me - That is prophecy

Do you still know
Who you are?
And do you know
How it has come this far?

You and me - We are the world's perfect enemy
You and me - That's not our place to be
You and me - The perfect enemy

You and me - That is prophecy
