What Shall I render (Rev. F.C. Barnes)

Dear Lord I can't do nothing without you
And I can't do nothing for you
Everything I give to you, you give it back to me
What shall I render for all of your love

Lord You've been my friend you supply my every need
What shall I render for all of you love
When I am sick you take away my pain
What shall I render for all of your love
All I need to do is pray and call your name
What shall I render for all of your love

When I am lonely You're with me all the way
What shall I render for all of your love
When I was lost in sin you died on Calvary
What shall I render for all of you love
The reason why you died it was to set me free
What shall I render for all of your love

Dear Lord I can't do nothing without you
And I can't do nothing for you
Everything I give to you, you give it back to me
What shall I render
What shall I render
What shall I render (the earth is the Lord's)
What shall I render (and the fullness thereof)
What shall I render (He owns the cows)
What shall I render (On a thousand hills)
What shall I render (He made the land)
What shall I render (He made the sea)
What shall I render (I'm so glad)
What shall I render (God made me)
What shall I render (What shall I render)
What shall I render (What shall I render)
What shall I render for all of your love.
