CHORUS

Danny Sue

you talkin' about you pain

Danny Sue

right now I feel the same

like you - I feel the way

you do

So many moments in your life

were like a dream

you stepped by your own side

you're felt in love

not for away

sometimes it's not easy to stay

at this place

always go on your way

The wrong way? Straight to the pain?

CHORUS - repeats

Life is like pain

everyday you have to feel it

love is like hate

every single moment you have to do it

so

Come on, come on

go back

and walk the right way

straight to the heaven above

feel the true love

CHORUS - repeats 2x

Right now it's time to change
