The very first time  
I looked at you  
I felt love oh so true  
and everybody knew  
we were ment to be  
and now  
it's all clear to see  
this true love is mine

**CHORUS**

Don't you understand  
you are my true love  
you are a gift  
send from heaven above  
don't you understand  
you've the great stuff  
I never can get enough

As time passes by  
I went though you were  
my love so true  
you drive me insane  
still everybody know that's true  
the meaning of love is true

**CHORUS - repeats**

True love  
everybody knew  
true love is you  
don't you doubt  
'cause me is  
what true love  
is all about
