All of you who are going through some misfortune in  
your life

And you just don't, just don't know what to do

Your burden must be hard, I recommend you to the  
Lord

He's a friend and I know He cares for you, oh yeah

Just go on and keep the faith, God has a better place

Where no rain and no flood can bother you

My Lord

Just hold your head up high and try to smile if you can

For I know that the sun will shine again, oh yeah

I know that the sun will shine again

I know that the sun will shine again

You just hold your head up high and try to smile if you  
can

For I know that the sun will shine again, oh yeah

Some of you have lost your home, some of your family  
and friends are gone

Oh, try not worry because the Lord is on your side

Whatever it is you're going through, He'll make a way,  
a way for you

He's a friend and I know He will (?), oh yeah

Try not worry and don't you fret, God never fails yet  
yeah

Just be glad that you know you are His child

My lord

Just hold your head up high and try to smile if you can

For I know that the sun will shine again, ooh

I know that the sun will shine again

I know that the sun will shine again

You just hold your head up high and try to smile if you  
can

For I know that the sun will shine again
