When you were young
And your heart was an open book
You used to say live and let live
(You know you did, you know you did, you know you did)
But if this ever changin' world
In which we live in
Makes you give in and cry

Say live and let die
Live and let die
Live and let die
Live and let die

What does it matter to ya
When ya got a job to do
Ya got to do it well
You got to give the other fella hell
You used to say live and let live
(You know you did, you know you did, you know you did)
But if this ever changin' world
In which we live in
Makes you give in and cry

Say live and let die
Live and let die
Live and let die
Live and let die

Say live and let die
Say live and let die

Live and let
Live and let
Live and let... die...
