What evil thing  
The girl in blue  
What hellish pain  
She put me through

My stomach's all tied up in knots  
She's so pretty, she's so hot  
Her pouting lips brought forth the seed  
Of the evil deed

With curves that kill  
And eyes that sting  
The angels cry  
And demons sing

Oriental satin blue  
Mary Jane stiletto shoe  
How naive it was of me  
How wicked girls can be

What evil thing the girl in blue  
What evil thing  
The girl in blue  
Girl in blue  
Girl in blue  
Girl in blue  
Girl in blue  
What evil thing  
What evil thing  
What evil thing  
What evil thing  
The girl in blue
