Color me black if U color me just like U
Color me angry if U color me less than I do
(Whoa, what's your color?)
Yeah, what's your color?
(Whoa, what's your color?)
What's your color?

Color me happy if U teach me what I need 2 know
Color me gone if U don't, if U don't cuz every child
needs 2 grow
This I know

(Whoa, what's your color?)
Oh, what's your color, yeah?
I wanna know
(Whoa, what's your color?)
Oh, what's your color?
Listen (Listen)

Love is my color when I'm shown love in return
But when I am not, it's a bet U can guess what I have
learned

What's my color?

Color me green (Color me green) if I cannot have what
U've got
Color me blue (Blue) until I do cuz the fire will sho'nuff
