I'm a wounded soldier
Trying to find my way back home
In the middle of winter
I'm on my own

But bombs keep falling
And I am screaming
Can anybody hear me now?

I've been left behind
In the field of mines
You've gone off, you've won
I've been forsaken
In the marsh I fell
To forever dwell
You've gone off, you've won
I've been forgotten

I'm a lonely stranger
Walking though the crowd
You can hardly hear me
They get so loud

I once was important
But now I'm nothing
Would you miss me at all?

I've been left behind
In my field of mind
You've gone off, you've won
I've been forsaken
In the march I fell
To forever dwell
You've gone off, you've won
I've been forgotten

I'm a useless actor
Performing in a play
I once was needed
Been led astray

I was cast in the main part
But now I've been replaced
From my dream, I've awoken

I've been left behind
In my field of mind
You've gone off, you've won
I've been forsaken
In the march I fell
To forever dwell
You've gone off, you've won
I've been forgotten
