A listen up 'n' loosen up ya' mind ya'  
let nobody bind ya'  
put ya' sorrows way 'n' way behind ya'  
Got to get to be a little crazy  
why don't you livin' it up ya fantasies  
get rid of all the lazy  
See ya self dancing' in the rain ya'  
let noone restrain ya'  
then can you take the sugar  
from the cane ya'  
what you do is up to you in case ya'  
thought someone could raise ya'  
look right in my face ya'

Yeah Yeah Yeah Yeah Yeah  
(Come on ... S.T.E. to the double L.A.)  
Yeah Yeah Yeah Yeah Yeah  
(Ah Yeah ... that's who I am 'n' I play it my way)

How would you like to have a good time  
Nothing like you should time  
nevertheless a something that you would time  
believe in yourself  
believe in yourself n' period  
just party on if you get locked into a pyramid  
take my advice n' drop illusions  
to tha' mental fusion  
set your mind free is tha' conclusion  
One way or the other liberate ya'  
you don't have to wait ya'  
check the bate ya'

Yeah Yeah Yeah ...
