Bicycles roller skates and you
My baby (My baby)
Bicycles roller skates and you
Do do do do
(Do do do do)
Do do do do

Everyday I wake up with a happy smile on my face
(Do do do do)
Cause I'm so glad to be a member of the human race
(Awwwwwww)
I ain't got a dime
(Awwwwwww)
But I'm the richest guy you'd every find
Cause I've got

Bicycles roller skates and you
My baby (My baby)
Bicycles roller skates and you
Do do do do
(Do do do do)
Do do do do

The sweet and simple things in life are all that I need
(Do do do do)
You showed me how with love and now I just follow your
lead
(Awwwwwww)
Now I'm so aware
(Awwwwwww)
That nothing in the whole world can compare
To you

Bicycles roller skates and you
My baby (My baby)
Bicycles roller skates and you

Holding hands while riding through the park
(Da da da da, da da da da)
Rolling past out troubles like Sir Lancelot
Cause I've got

Bicycles roller skates and you
My baby (My baby)
Bicycles roller skates and you
Bicycles roller skates and you
(Bi bicycles, roll roller skates)
My baby (my baby)
Bicycles roller skates and you
