Just as I expected
You showed up late again
It makes me feel rejected
Were you with someone?
Can you give me answers?
Didn't we make plans first?

Just as I suspected
Another alibis
Now things are getting sour
It's worse than I thought
You used to give me flowers
Now fights last for hours

Tell me I'm the only you love
It's me your living for
Just like the moments
You first showed you care
I hope you'll be more sensitive
I feel so insecure
I hope I'm wrong
Cause I see half-hearted love

I feel so affected
Tears always flow
My eyes are tired from crying
I just miss you so
Give us a chance to make amends
Your my love my bestfriend

Tell me I'm the only you love
It's me your living for
Just like the moments
You first showed you care
I hope you'll be more sensitive
I feel so insecure
I hope I'm wrong
Cause I see half-hearted love

Are things getting boring?
Or is there something you no longer feel?
Tell me a story about when our love felt so real felt so

real

Baby you're the only one I love
You told me this before
Much like the moments
You first showed you care
I'll try to be more sensitive
I'll make you feel secure
Between us there can never be
Half hearted love
