Every night I see a beautiful lady.
She's stepping into my dreams
'cause she knows I'm here.
Taking me by the hand and whispering softly.
She will take me so far away and treat me so fine.
You know I need her so

I can't believe this feeling known as love.
I can see right now

she's gonna take me for a ride and be so good to me.

You're my sweet desire
burning like a fire

Gonna make you higher - step by step.
What a sweet desire
burning like a fire

Pull me like a wire - step by step.

Any time
any time
come on
baby

Ev'ry night
ev'ry night
stay with me!
Any time
any time
come on
baby

Ev'ry night
ev'ry time
stay with me!

When the morning begins to break and she's not
beside me

I'd rather go back to sleep where I'll find her again.
you know I need her so
I really wonder if you call this love.
I can see right now

she's gonna make a dream become a real life fantasy.
you're my sweet desire
burning like a fire
...
you're my sweet desire.

Oh-oh-oh-oh-oh- gonna take you higher - step by step.
Oh-oh-oh-oh-oh- what a sweet desire - step by step.

Oh-oh-oh-oh-oh- gonna take you higher - step by step. .
..
Oh-oh-oh-oh-oh- gonna take you higher - step by step. .
..
