(Chorus)

Baby, whenever you're near me,
I hear a symphony of love for you,
love for me,
the symphony of love plays on and on.

Baby, whenever you're near me,
I hear a symphony of love for you,
love for me,
the symphony of love plays on and on.

I hear a crescendo when you hold me,
when I think of all the things you've told me.
I know it's me for you,
it's you for me.
What we found is a unchained melody.

Violins fill my head,
with those three words that you said.
You said "I love you."
Let the music in me say I'm always thinking of you.

(Chorus)

To the highest note is where you take me,
and all that I am is what you made me.
And being near or far,
I hear your guitar.

It tells me that you love me.
I wanna hear your heart beat,
wanna feel it next to mine.
You're the rhapsody, I never heard.
You're the music and I hear it all the time.

(Chorus)(3 times)
