

## Winnie The Pooh "Little Black Rain Cloud"

I'm just a little black rain cloud  
Hovering under the honey tree  
I'm only a little black rain cloud  
Pay no attention to little me  
Oh, everyone knows that a rain cloud  
Never eats honey, no, not a nip  
I'm just floating around over the ground  
Wonderin' where I will drip  
Oh, everyone knows that a rain cloud  
Never eats honey, no, not a nip  
I'm just floating around over the ground  
Wonderin' where I will drip
