What's up with you lately?
You ain't been like this before
You've been actin' strange and not the same no more.
It's not like you'da make me
Feel like walking out the door
Something's got to change cause I can't take much
more.

And I've been thinking maybe
Is it something that I said?
Have I done something to hurt you?
Or is another lady?
If you don't feel the same, be man enough to say it
Cause I'm so alone

I feel cold when you're next to me
But I hate it when you're gone
I hate to think that you miss me
I should be feeling like the only one

I feel cold when you're next to me
But I hate it when you're gone
I hate to think that you miss me
I should be feeling like the only one
The only one
I should be feeling like the only one

Nothing ever changes
I placed my trust in you
But in the end there's nothing I can do
And I'm so tired of waiting
For you to come home lovin' but it always ends in
nothing

And I'm left feeling empty
If you don't feel the same, be man enough to say it
Cause I'm so alone

I feel cold when you're next to me
But I hate it when you're gone
I hate to think that you miss me

I should be feeling like the only one

I feel cold when you're next to me
But I hate it when you're gone
I hate to think that you miss me
I should be feeling like the only one
The only one
I should be feeling like the only one

And I can't go through all this on my own
But something tells me I'm not the only one

I feel cold when you're next to me
But I hate it when you're gone
I hate to think that you miss me
I should be feeling like the only one

I feel cold when you're next to me
But I hate it when you're gone
I hate to think that you miss me
I should be feeling like the only one
The only one
I should be feeling like the only one

I should be feeling like the only one
The only one
I should be feeling like the only one
