The tension is building up
Its getting me down
I go crazy inside every little time you're around
You say that you're leavin' now but you can't tell me
why
What I'm saying is...
Tell me what's the good in goodbye?

Breakdown
Shakedown
Feel that...
Let the rhythm take you over now.
Don't fight it when it feels so right
You know we could dance until the moon goes down

For so long
I've been on my own
There's just no way I'm letting you go
The music takes hold and you can't deny
There's just feelins you can't describe...
Hold on
This ain't wrong
Just let go girl...Ya
