This must be the hardest thing I've had to do
How can I ever say goodbye to you?
I feel like a little child about to cry
Whenever darkness falls I'll run to you
Whenever silence calls I'll stay true
There is no distance we can't go through
Â'Cuz there is just no way that we can fall apart
Some would say thatÂ's love, but I'd say its you and I
And I can't imagine life for you so far away
Away from my loving arms every night and day
Every second every hour I can feel you shower me with
love.
