Rise

Dark shadows [no shadows] and expectations [no expectations]

Defiance unspoken truth

Doom-filled ignorance and lust

Betrayal of sacred prophecies [proxies]

Invasion of hurt

Penetration of Sensitivity

What are my secret fears

Red is rain of tears

Come back dear dreams

Tales untold [Tales of old]

Endless sleep [In this sleep]

Servant of the warsmen

Rise

Screams of passion through the dark

Ignored by pain and suffering

Gloomy paths decorate the halls [walls] of darkness

Burning hate

Flesh

Heavenlight [Heaven's light; Heavenly light]

Nevermore

Rising conqueror

Forbidden truth

Sanctify my fortress

Come back dear dreams

Tales untold [Tales of old]

Endless sleep [In this sleep]

Servant of the warsmen

Rise
