Richard X feat. Jarvis Cocker
into u
light a cigarette for my baby
light another one for me
and I will lay beside you
now I feel you in every molecule of me
in every cell of my body
you are running through me
I can't resist you now
so watch me as I'm falling
as I...

[fade into you]
for the first time in my life
[strange you never knew]
I ain't lying
[fade into you]
this is the first night of my life

of course there will still be moments
mornings that burn our rise with light
but as long you're around me
well I can make it to the night
when the lights go down and I, I come to you
oh please let me come to you
let me...

[fade into you]
for the first time in my life
[strange you never knew]
I ain't lying
[fade into you]
this is the first night of my life

catch me as I'm falling
as I...

[fade into you]
for the first time in my life
[strange you never knew]
I ain't lying

for the first time in my life
[fade into you]
for the first time in my life Â
