Let's lie, yeah

Lie, yeah, girl

I wanna take you to a place that I've found

It's a place that no one else knows about

You can see the clear night sky

Girl if you come with me tonight

And if you ever see a shooting star

You can wish for anything you want

But you can't tell anyone

Cause if your parents say no

There's only one thing we can do

Let's lie

And tell 'em that we're gonna sleep

Let's lie

Sneak out the windows, meet down the street

We can run away

Then we'll stay up late

Watch the starry sky

So let's lie

Cause we're never gonna go to sleep

I wanna take you by the hand as we go

And hold you in my arms when we're alone (we're alone)

We can watch the clear night sky

Just hang and let the hours fly

And if it gets cold and dark

Then I'll keep you warm by my side

But you can't tell anyone

Cause if your parents say no

There's only one thing we can do

Let's lie

And tell 'em that we're gonna sleep  
Let's lie  
Sneak out the windows, meet down the street  
We can run away  
Then we'll stay up late  
Watch the starry sky  
So let's lie  
Cause we're never gonna go to sleep

Baby, if you come with me I'll be as happy as can be  
And if we fall asleep this will be the best dream  
[x2]

Let's lie  
And tell 'em that we're gonna sleep  
Let's lie  
Sneak out the windows, meet down the street  
We can run away  
Then we'll stay up late  
Watch the starry sky  
So let's lie  
Cause we're never gonna go to sleep
