I may be young but I swear it's real
No one is too young for love, no
It's kinda weird but I like the feel
So now I'm going in for more, yeah

You're in my mind
You're in my heart
From the day
You wrote "Hello"

I follow you
You follow me
And babe I'ma let you know that

My heart's acting crazy
Girl when you're around me
Guessing what I feel is love

If we have each other
Life, love and laughter
No one is too young for love

I said no one
I said no one
I said no one
No one is too young for love

I like your style
But I love your smile
Longing for the day we meet

You change your profile picture everyday
But you're perfect just the way you are

You're in my mind
You're in my heart
From the day

You wrote "Hello"

I follow you

You follow me

And babe I'ma let you know that

My heart's acting crazy

Girl when you're around me

No one is too young for love

If we have each other

Life, love and laughter

No one is too young for love

I said no one

I said no one

I said no one

No one is too young for love, no

Yeah, no one is too young for love

No one is too young for love

I wanna make that clear

Even though I try to tame my feels

That's how I keep it real

The only thing I wanna see you laugh

And never make you cry,

Well that's the truth, the fact, the bottom line

I always tryna keep me cool in everything I do

But that all changed the day I saw the pic of you

My heart's acting crazy

Girl when you're around me

No one is too young for love

If we have each other

Life, love and laughter

No one is too young for love

I said no one

I said no one

I said no one

No one is too young for love

No one is too young for love
