Steve Winwood/Will Jennings  
Hear the night music playing?  
Don't you know what it's saying?  
We should feel it together  
For forever  
Feel the beat and just hold on  
To the sweet midnight flowing  
Feel the music inside you  
I'll be there too  
Now's the time our dreams are finally coming true  
Feels so good we're crying  
Now's the time when it's down to me and you  
Spread these wings-we'll be flying  
Don't you know what the night can do?  
Don't you know when it's touching you?  
Don't you know what the night can do?  
Time to show all your feeling  
All the night is revealing  
Let the rhythm enfold you  
Let me hold you  
Now we turn into music  
Now we will never lose it  
When the rhythm and night ride  
No heart can hide  
There are times that never ever come again  
Mem'ries there for the making  
When the night calls, we better let it in  
All this love for the taking  
Don't you know what the night can do?  
Don't you know when it's touching you?  
Won't you help me to let it through?  
Don't you know what the night can do?
