So much going on out there, leaves us hanging in the
air
And it's all that we can do to face each day and see it
though
Life's a dance, put on your dancing shoes, take a
chance
You can't shut your eyes to pain, faces crying in the
rain
You can't keep it all inside, you need some way to let it
ride
Life's a dance, put on your dancing shoes, take a
chance
When you're all over, when you know you've done all
that you can do
Put on your dancing shoes, it'll see you through
Voices shouting in the street, life lived to a ragged
beat
Someone's world is tumbling down, and who's the saint
and where's the clown?
Life's a dance, put on your dancing shoes, take a
chance
When you're all over, when you know you've done all
that you can do
Put on your dancing shoes, it'll see you through
When time is flying, when you know there's no end to
these modern blues
Put on your dancing shoes, it'll see you through
