Met you underneath the moon
Night was over much too soon
We shared a kiss till day light came
And kissed the night goodbye
When the sun came up that day
We smiled and went uor separate ways
But i can't leave the thought of you behind

CHORUS:

Oh, you stay with me you stay with me
Oh, in my heart and on my mind
Oh, like a melody that keeps haunting me
Oh, you stay

I look inside the small cafes
And hope by chance to see your face
I hear your voice and realize it's just a summer wind
Something in you eyes that night
Swept away this heart of mine
Now i just want you in my arms again

CHORUS:

Oh, you stay with me you stay with me
Oh, in my heart and on my mind
Oh, like a melody that keeps haunting me
Oh, you stay

How was i to in that one night
My whole life would change
From the moment i looked in your eyes
I've never been the same
And if i could have one chance to have that moment
back again
I'd never let it end I'd never let it end

Met you underneath the moon
Night was over much too soon
We shared a kiss till day light came
And kissed the night goodbye
When the sun came up that day
We smiled and went uor separate ways

But i can't leave the thought of you behind

CHORUS:

Oh, you stay with me you stay with me

Oh, in my heart and on my mind

Oh, like a melody that keeps haunting m

Oh, you stay
