Footsi-footsi  
Footsi-footsi

Push out the voltage, keep up the squeeze  
Give me the credit with interest please  
I'm here to borrow, I'm here to lend  
I'm here to save and I'm here to spend

Footsi-footsi  
Footsi-footsi

The numbers travel in electric trade  
Men are broken, men are made  
Cash and carry, dollars and yen  
The world is bent then round again

If you believe in give and take  
(Footsi-footsi)  
And all the things that you can make  
(Footsi-footsi)  
In between the ins and outs  
(Footsi-footsi)  
Channeled life without a doubt  
(Footsi-footsi)

If you believe in give and take  
And all the things that you can make  
In between the ins and outs  
Channeled life without a doubt

Give me the money, listen I care  
Guilt edged horizons are under repair  
I'm in the market, I'm in the chair  
I've got a target, and I want my share

Footsi-footsi  
Footsi-footsi  
Leisure and plastic and medical mines  
Mace and Chanel, breweries and wine  
Public order, a coin of two sides  
I'm ready to choose and I'm ready to fire

If you believe in give and take  
(Footsi-footsi)  
And all the things that you can make  
(Footsi-footsi)  
In between the ins and outs  
(Footsi-footsi)  
Channeled life without a doubt
