IS IT SO?

Is it so that your heart beats the day to hours?
Is it so, I mean must it be like?
Is itso that your look cuts the the world to pieces?
Is it so, I mean must it be like?

The way must be hard,
you must be in pain,
you must be crazy,
should you come to an agreement too soon.
Use every gap, gnat, box yourself big and lay down
low.
Only the one who laughs alone, may be petty in the
end.

Have you heard you shouldn't praise the day before
work?
(praise the day before the evening = don't be happy
too soon)
And then romp through the evening with marching
steps?
Do you want to go on wriggling between void and sky?
Do you feel like you're sticking out, say, do you feel
postponed?

Who has decided on this, who has suggested this?
I believe it's alright, alright, but I just wanted to ask:

Tell me, Is it so, I mean must it be like?
Is it so, I mean must it be like?
Is it so, I mean must it be like?
Is it so, or is it maybe much easier?
Is it so, I mean must it be like?
Is it so, I mean must it be like?
Is it so, I mean must it be like?
Is it so, or is it maybe much easier?

Is this tomorrow worth a life without today?
Is it worth it to never fight against the crowd?
What's a luck worth that only honors the pharmaceuts?

Is everyone who never complains, in the end truly
without complaint?

You can wave with your rules as long as you want to,
as long as rules only honor the speaker.
Keep on cursing the wind in your idle sails.
As far as I know you can't even control the rain.

Ihr k nnt so lange, wie ihr wollt, mit euren Regeln
wedeln,
solange Regeln in der Regel nur den Redner edeln.
Verflucht ihr weiter nur den Wind in euren tr gen
Segeln
Ihr k nnt so weit ich wei  noch nicht einmal den
Regen pegeln.

Who has decided on this, who has suggested this?
I believe it's alright, alright, but I just wanted to ask:

Tell me, Is it so, I mean must it be like?
Is it so, I mean must it be like?
Is it so, I mean must it be like?
Is it so, or is it maybe much easier?
Is it so, I mean must it be like?
Is it so, I mean must it be like?
Is it so, I mean must it be like?
Is it so, or is it maybe much easier?

Is it so? Must it be like this?
Is it so? Must it be like this?

Is it so? Must it be like this?
