When my baby's lonely
When she's lost her smile
I call her up just to tell her that it's only gonna be for a
while
She's my one and only
Only thing worthwhile
She lets me know I'm her fella and I'm never gonna
leave her side

Ooh ooh ooh she's the only one
Ooh ooh ooh she's the only one
Ooh ooh ooh she's the only one
In all I do she's the only thing on my mind

When my baby's lonely
When she's lost her smile
I call her up just to tell her that I'm coming down to dry
her eyes
She's my one and only
The only thing worthwhile
I know we'll always be together cause I'd never find a
better way of spending my time

Ooh ooh ooh she's the only one
Ooh ooh ooh she's the only one
Ooh ooh ooh she's the only one
In all I do she's the only thing on my mind

I lose myself whenever she's away
Don't sleep at night and sit about all day
No one I know will ever take her place

Ooh ooh ooh she's the only one
Ooh ooh ooh she's the only one
Ooh ooh ooh she's the only one
In all I do she's the only thing on my mind
