Freedom in Afghanistan, say goodbye Taliban
Free elections in Iraq, Saddam Hussein locked up
Osamas staying underground, Al Qaida now is finding
out
America wont turn and run once the fighting has begun
Libya turns over nukes, Lebanese want freedom, too
Syria is forced to leave, dont you know that all this
means

Chorus

Bush was right!
Bush was right!
Bush was right!

Democracy is on the way, hitting like a tidal wave
All over the middle east, dictators walk with shaky
knees
Dont know what theyre gonna do,
their worst nightmare is coming true
They fear the domino effect, theyre all wondering whos
next

Repeat Chorus

Ted Kennedy wrong!
Cindy Sheehan wrong!
France wrong!
Zell Miller right!

Economy is on the rise kicking into overdrive
Angry liberals can't believe it's cause of W's policies
Unemployment's staying down, Democrats are
wondering how
Revenue is going up, can you say "Tax Cuts"

Repeat Chorus

Cheney was right, Condi was right,
Rummy was right, Blair was right
You were right, we were right, The Right was right and
Bush was right

Bush was right
